Seabiscuit Therapeutic Riding Center (STRC) Advisory and Acknowledgment Supplemental Informed Consent

Equine Assisted Activities in the Era of Covid-19

Thank you for your continued trust in our organization. As with the transmission of any communicable disease, like a cold or the flu, you may be exposed to COVID-19, also known as “Coronavirus,” at any time, in any place. Be assured that we have always followed county regulations for recommended universal protection and disinfection protocols to limit transmission of all disease at our facility and continue to do so.

Despite our careful attention to protection, disinfection, and use of personal protective equipment, there is still a chance that you could be exposed to an illness at our facility. Social distancing nation-wide has reduced transmission of the coronavirus. Although we have taken measures to provide social distancing at our facility, sometimes, due to the nature of the work and need for safety interventions, it is not always possible to maintain social distancing between staff and participants.

I agree to adhere to county guidelines of quarantine and will stay home and cancel sessions if experiencing symptoms known to be related to Covid-19 (fever, chills, cough, shortness of breath, or difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea or vomiting, diarrhea). You agree to remain fever free for 24 hours without fever reducing medication before returning to sessions.

This release is valid for one year from signature date or until rescinded, by you, in writing.

Although transmission is unlikely, do you accept this risk to participate in sessions at this facility?
